## BOLSHEVIK MURDER OFFICER OF AMERICAN RED CROSS

### TWO U. S. MEN ESCAPE

Emmet Kilpatrick Served as Lieutenant During the World War.

London—Captain Emmet Kilpatrick, representative of the American Red Cross in South Russia, and two nurses were brutally killed during a Bolshevik cavalry raid on Salkovo station, says a Sebastopol dispatch to Reuters. Sebastopol—Captain Emmet Kilpatrick of Uniontown, Pa., a Red Cross worker, who was a prisoner in the hands of the Bolsheviks, was captured at Novo Alexievka on October 29, when a detachment of Budenny's cavalry swept down the west coast of the Sea of Azov and surrounded the town. Stephen A. Veneer of Albany, N. Y., and James B. Hedding of Baltimore, Md., were with Kilpatrick at the time of his capture. The three were busy distributing relief supplies among Russian civilians. Veneer and Hedding managed to make their escape. Kilpatrick, however, being in a remote part of the town, was cut off by Cosacks.

## PRISONERS DYING IN SIBERIA CAMPS, REPORT

Austrians Who Escaped Tell of Ravages of Disease and Starvation.

Copenhagen—Lieutenant Fischer of the Austrian army and eight companions, who escaped from a Siberian prison camp, arrived today and declared that prisoners in Siberia were dying in numbers from starvation, tuberculosis, typhoid and other diseases. The Austrians cited one camp of 5000 prisoners of whom they said 2000 died in six months. Forty thousand died up to the end of 1918, they declared, and the number which had perished since then was unknown. Conditions were getting worse daily, they said, and certain camps were called "Dead Man's Camp."

## Bulgaria Requests Place in League

Geneva—Bulgaria's request for admission to the League of Nations has been received at the headquarters of the league.

The application, which came from Premier Stambulsky, was received by Sir Eric Drummond, secretary of the league, and is being forwarded to its members.

The Bulgarian premier disclaims for the government and nation any complicity in the decisions of former King Ferdinand and his government to join the central powers in the war. He points out that Bulgaria as soon as it was in a position to do so, severed all ties with the past, and at present was a stable government which had given proofs of its loyalty toward the entente.

## STANDARD OIL TO DETAIL PLAN OF ACQUISITION IS POTENTIAL RIVAL

Control of Associated Company's Properties to Be Added on Thursday.

San Francisco—Final details of the plan by which the Standard Oil Company of California hopes to secure control of the Associated Oil Company is to be acted upon this week.

Preliminary steps which will enable Standard Oil to acquire control of its rival's properties were taken last week when the executive committee of the Southern Pacific approved the policy of a separation of the Associated holdings from its railroad assets.

Since that time, it is said in well-informed financial circles, executive heads of the two oil companies have been in conference in New York discussing details of the merger, which would give the Standard Oil Company of California unquestioned supremacy over the oil business of the Pacific Coast.

Until these plans have been officially approved every precaution is being taken by officials of the two companies to prevent the details from becoming known.

That the Standard Company has made an offer far in excess of its market value for the Southern Pacific's 51 per cent of the stock of the Associated is the opinion expressed yesterday in local financial circles.

The Southern Pacific Company owns \$20,068,000 of the \$40,000,000 stock of the Associated Company. Assets of the company for the year ending 1919 were nearly \$30,000,000 and the semi-annual report of the company issued in July showed assets to be \$10,000,000 in excess of liabilities.

Associated Oil and its subsidiary companies are producing from eight to nine million barrels of oil annually, while the Standard produces from twenty-seven to thirty-two million barrels.

Aside from being a going concern with an aggressive policy the potential possibilities of the Associated company are incalculable, it is said by financial observers who are convinced that the Standard company has been forced, by the pressure of events, to absorb its rival.

## FRUIT GROWERS AT ANNUAL MEETING

Cooperative Marketing Big Theme of Convention.

Fresno—Approximately 350 delegates, together with leaders of State Department of Agriculture, gathered here Tuesday for the opening of the fifty-third annual State Fruit Growers and Farmers' convention, the sessions of which will continue until Friday afternoon. Introduction of the business of the convention, addresses of welcome by the Mayor of Fresno and prominent citizens, the opening address by G. H. Hecke, State Director of Agriculture, together with talks by representatives of the cooperative marketing organizations of California, characterized the first day's session.

William Glass, past president of the Fresno County Chamber of Commerce, and Mayor W. F. Toomey welcomed the delegates to Fresno at the morning session, after which State Director G. H. Hecke reviewed the past year.

## Regents Think 12 Will Pass by Close Vote

Berkeley—With complete returns from all but fifty-five precincts favoring the University amendment by 600 votes the Regents of the University of California expressed their belief at the regular meeting Tuesday afternoon that, though the final result would be close, No. 12 would pass. Of the unheard-from precincts twenty-nine are located in Kern and Fresno counties, which have been favorable to the amendment, while twenty-five are from less favorable coast counties.

## COLUSA PLANS WAR ON FOOD PROFITEERS

Colusa—Announcement that City Clerk B. L. McCue had been instructed to write in an effort to learn the procedure in halting food profiteering, with the possibility that a price probe might be instituted in Colusa, has been made by Trustee Fred J. Mendonza.

Mayor Oscar Robinson of Colusa said the prices of meat and bread had been discussed between himself and Mendonza, and the request for an investigation considered. Robinson said prices for beef on the hoof had declined here during the last five or six months, but that the cost of meat remained the same.

## CORK HUNGER STRIKERS

TALLY NINETEETH DAY  
Dublin—So far as the authorities here know, the nine hunger strikers in Cork jail, who today began their nineteenth day of fasting, are taking no food, according to the chairman of the prison's board.

The "Greatest Mother" concept which was visualized in the famous art poster used by the American Red Cross in its second war fund campaign has had its symbolism adapted to the Red Cross works of the post-war era and will illuminate the main poster to be used in the Fourth Roll Call November 11-25. This adaptation will bear the title "Still the Greatest Mother in the World." Everyone is familiar with the original "The Greatest Mother in the World," the effectiveness of which has been shown in part by the fact that it has furnished a synonym for Red Cross that has come to almost a household term. More than any other symbol, except the red cross itself, the public has made it the trademark of the American Red Cross.

## CAMPBELL PLEADS FOR CONSOLIDATION

### BETTER ATTENDANCE WILL RESULT.

Where children are carried to school in a good covered automobile it is easy to go and every little storm or headache does not furnish an excuse for not going. With the larger school and the new studies it is not hard to keep up the interest and there is less trouble in enforcing the compulsory attendance law. Our school apportionment based upon daily attendance.

### Broad Companionship for the Child.

If there is any kind of training that rural children need it is contact with people. In the small school the child comes in contact with a few neighbors, his neighbors, from home, and his own usually, who have heard much the same things he has and hence offer little that is new to him. In the larger school a child meets many children and several teachers and learns how to conduct himself under new conditions.

### The School Becomes a Social Center.

Under the consolidated plan there is opportunity for the parents to get education as well. The large assembly room makes possible evening meetings where parents may listen to a lecture, children's entertainment, view displays of school work and enjoy social times. Full advantage can be taken of the county library system, with books and magazines for all ages.

### It Will Be a Source of Inspiration to the Community.

Such a school will be a constant uplift, a source of satisfaction to every person it serves. It will bring people together from a larger territory and presently the same sentiment that clings to the small inefficient school will knit itself about the new consolidated one. Each person will feel himself a member of a large community and that he and his children are having the best educational and social privileges. Such a plan is worth working for and can be had with almost no additional tax.

### Finally, It will increase the value of real estate.

It is frequently supposed that the abandonment of the school will hurt real estate. As a matter of fact the reverse is true. In the eastern states investigation shows that real estate has risen in value wherever a good consolidated school has been established. The reason is plain. First, the community has a good school. That is obvious enough to a purchaser. Secondly, the farm which is six miles from such a school with modern transportation facilities is actually nearer than it was two miles from the school where the children had to walk. So now the farm is within twenty minutes of a modern school where it was forty-five from a much poorer one. Investigation shows that this is not merely argument but fact.

The trustees of Hamilton school district have signed the petition asking the county supervisors to annex the district to Campbell-San Tomas. The hearing has been set for Monday, November 15, before the supervisors at the Court House, and a number of Campbellites interested in consolidation are planning to attend.

## GRANGESRS FEAST

The Orchard City Grange held a Harvest Feast Tuesday night at the Odd Fellows' hall with a good attendance, every one having a most enjoyable time. The lodge room was tastefully decorated under the direction of Mrs. Sutter and Mrs. Dunphy. The color scheme was carried out with yellow and white chrysanthemums and yellow French marigolds.

The drill team led a class of seven through the work after which meeting was adjourned to the banquet room. There the tables were trimmed with Virginia creeper, pumpkins and baskets filled with fall fruits and vegetables. Mrs. Mabel Henry, as chairman of the banquet committee, deserves much credit for the charming effect.

Master Stanley Smith acted as toastmaster for the evening.

G. W. Page has been replacing some of the weaker staves of his irrigation flume through Campbell with concrete. This is to avoid a possible break when a heavy strain is put on it by heavy trucks passing over. Mr. Page is looking forward to a good irrigation year when his plant will be a boon to many.

### EAST, WEST, HOME'S BEST.

It has been said that 'The Youth's Com-  
panion' has had more readers per copy  
than any other publication in America.  
There is good reason to believe this to  
be true. But the important thing is that  
the influence of the paper upon its  
millions of readers has always been  
directed to building character. "East  
west, home's best," has been its un-  
derlying slogan. In its articles, editorial  
and otherwise, it has dwelt upon the  
importance of good citizenship. In all  
its contents it has aimed to give not only  
entertainment, but stepping-stones to  
higher things.

A year of 'The Youth's Companion'  
brings a tremendous tide of delightful  
and diversified reading that cannot be  
found elsewhere.

## CHARLES THACKERY

Charles Thackeray passed away at his  
home Saturday evening as the result  
of another stroke. He had been more  
or less feeble for several months past  
though able to get down town almost  
daily. Although eighty-four years old,  
Mr. Thackeray until recently did all his  
garden work on two lots and was ex-  
ceptionally active.

The deceased is survived by his wife,  
Mrs. Elizabeth Thackeray, son, F. W.  
Thackeray, of Los Gatos, and daughter,  
Mrs. J. L. Sargent, of Redwood City.

The funeral services were held from  
the Methodist Episcopal church of  
Campbell, Monday afternoon, interment  
being at Los Gatos cemetery.

Charles Thackeray was born in York-  
shire, England, Feb. 12, 1836, being 84  
years, 8 months, 24 days of age at the  
time of his death. He was married to  
Elizabeth Miller in England in 1851  
and lived with her till the time of her  
death, May 14, 1892. Four children  
were born to this union, two of whom  
are still living, F. W. Thackeray of  
Los Gatos and Mrs. J. I. Sargent of  
Redwood City. He was married to  
Elizabeth Forrest Sept. 4, 1894.

Mr. Thackeray resided in England  
until 36 years of age, when he moved  
to Ontario, Canada, in 1872, and lived  
there twelve years. Since coming to  
California he lived at San Bernardino  
one year, at Los Gatos eleven years,  
and at Campbell nearly twenty-five  
years, coming here in April, 1890.

He was a member of different  
churches in his early life but united  
with the Methodist church at Los Gatos  
and has been a member of the Meth-  
odist church since that time. What  
was said of Barnabas could be as truly  
said of him: "He was a good man, and  
full of the Holy Ghost and of faith."  
He will be greatly missed by the church.

## MANUEL BITTECOURT

Manuel Bittencourt passed away at  
his residence on North Central avenue  
Monday at the age of 60 years. He  
had been confined to a wheel chair for  
some time past in a partial paralytic  
state.

He is survived by his bereaved wife,  
Christina.

A native of Portugal, he was a mem-  
ber of Santa Cruz Council, I. S. E. S.  
and U. P. E. C.

The funeral was held Wednesday  
from the late residence and St. Mar-  
tin's church. Interment at Haywards.

PARENTS, WHERE WERE YOUR SONS AND DAUGH-  
TERS LAST NIGHT? There seems to be a sort of wildness and  
carelessness in the air with a great many of the young people of our  
community. Many are not satisfied with one entertainment in an  
evening, but must go to several before the night is complete. If  
they attend a party they must go from that to a dance or elsewhere;  
if they go to a dance, they must needs take in several of them of  
more or less questionable reputation. Some have even gone so far  
as to have their parents believe they were at one party when plans  
were already made to be elsewhere before the night was far spent.  
This is a very serious problem, and one that must be faced by parents  
sooner or later, and it is hoped before it is too late. Some girls  
without much concern think it a joke to take an auto ride with boys  
they have never seen before and may never see again. Such actions  
are not jokes, and have in some instances caused serious trouble.  
That is a trick of kidnappers, and is causing the state much concern.  
Above all things girls should not ride with strange men and boys.  
Unless this community wakes up to the gravity of this problem and  
provides an adequate remedy, we will be startled some day by  
a real tragedy in our midst.

## MAKING WAR ON DISEASE MENACE

American Red Cross Announces  
Budget of \$48,200,000  
For Current Year.

### NEW DISASTER RELIEF PLAN

Continuance of Heavy Work Abroad  
Deemed Necessary to Protect  
United States—\$21,000,000  
Less Than Last Year.

A program of relief and service to-  
ward which appropriations of \$48-  
200,000 have been made has been out-  
lined for the American Red Cross for  
the fiscal year, July 1, 1920, to July 1,  
1921, according to official announce-  
ment by national headquarters of the  
organization at Washington. The fig-  
ures for 1920-21 are \$21,000,000 below  
those of 1919-20, in which \$69,400,000  
was spent.

Important among the items of the  
budget for the present year is the ap-  
propriation of \$31,500,000 for relief in  
foreign lands, which includes \$11,000-  
000 in purchased supplies on hand and  
not distributed.

Must Protect United States.  
This will enable the American Red  
Cross to continue its humanitarian ef-  
fort to aid stricken peoples to re-es-  
tablish themselves, to fight the disease ep-  
idemics which threaten many countries  
and to efface largely the remaining  
traces of the blight left by the World  
War. It is regarded as social as well  
as physical sanitation on a large scale  
that will have a direct bearing on fu-  
ture conditions in America.

Central Europe, the chief sufferer  
from the conflict, today is facing an-  
other winter of famine, pestilence and  
ruin. Typhus decreased much during  
the summer months where last winter  
it had its greatest stronghold, but phy-  
sicians who investigated the situation  
at the behest of the League of Red  
Cross Societies have given their un-  
qualified opinion that this coming win-  
ter will see a recurrence on an un-  
precedented scale. The Red Cross  
feels it must continue preventive mea-  
sures abroad to keep this and other  
deadly maladies from the United  
States.

Millions for Work at Home.  
When the disease was sweeping Cen-  
tral Europe last winter the American  
Red Cross, with the aid of the govern-  
ments of afflicted nations, undertook the  
fight against it. Hospitals were estab-  
lished wherever possible and food and  
clothing were distributed to the un-  
dernourished populations, who by reason  
of their undernourishment were  
easy prey to the epidemics. Where  
disorganization contributed last year  
to the great inroads made by the dis-  
ease, by virtue of its knowledge of the  
disease and the presence of well es-  
tablished hospital centers, the Ameri-  
can Red Cross this year will undertake  
the work with a new confidence.

Including the total of \$11,000,000 in  
supplies left from the last fiscal year,  
the \$31,500,000 is \$21,000,000 less than  
the expenditures for 1919-20.

Appropriations for domestic activi-  
ties total \$16,700,000.  
The largest item of this "home"  
budget is \$7,800,000 for civilian relief  
work. This includes service and as-  
sistance for families of soldiers, sail-  
ors and marines, and work incidental  
to disaster. Of the total appropriation  
for civilian relief, \$5,000,000 is  
held in reserve for the carrying out of  
actual disaster relief.

Reduced Overhead Expense.  
The Red Cross invariably is the first  
thought of a community visited by cal-  
amity. With this in mind, it was de-  
termined by the Executive Committee  
in preparing the budget of 1919-20 to  
have a fixed reserve fund from which  
to draw in these instances.

For assistance to soldiers, sailors  
and marines in hospitals and in camps  
this year \$1,900,000 has been set aside.  
Four million two hundred thousand  
dollars has been appropriated for im-  
provement of health and prevention  
of disease throughout the United  
States during the current twelve  
months. The Red Cross is co-operat-  
ing fully with the United States Health  
Service in this work and through its

## RESOLUTIONS

The County Woman's Club, feeling  
deeply the loss of its member and vice  
president, Mary S. Lewis, is desirous of  
expressing to her family and friends  
somewhat its appreciation of her faith-  
ful work in our club and to acknowl-  
edge our gratitude to her for the able  
and conscientious way in which she  
filled the position of librarian at our  
reading room.

The care with which she advised the  
children in their choice of books and  
the welcome smile with which she al-  
ways greeted them and all the other pa-  
trons, will never be forgotten, and her  
helpful influence will live on though she  
is removed from our sight. She leaves  
a vacancy that can not be filled. We  
can only strive toward the ideals she  
held and that she exemplified so beau-  
tifully in her work among us.

"Therefore be it resolved. That we,  
the members of the Library Associa-  
tion, express to her sorrowing family  
our sympathy in their loss and our ap-  
preciation of the Christian life so nobly  
and so bravely lived in our midst.

"Signed for the Campbell Library  
Association,

J. F. Duncan, President  
Mrs. L. F. Shaw, Secretary.

Editor Campbell Press:—  
Among the organizations which will  
greatly miss the activities of Miss  
Mary Lewis is the Minnesota Associa-  
tion of Santa Clara County, of which  
society she has been the very efficient  
secretary for some ten years, until her  
election, to the office of president at  
the meeting held at Alum Rock Park  
last June.

No member of the association has  
taken greater interest in promoting the  
spirit of good fellowship among former  
residents of the Gopher State than Miss  
Lewis. As secretary much of the suc-  
cess of the annual picnic occasions has  
been due to her planning and publicity  
work.

As officers of the organization, the  
undersigned realize that her absence  
will cause a very keen sense of loss  
among those who will come together for  
the annual reunion next summer. In  
profound appreciation of her sisterly  
spirit and her mature Christian charac-  
ter, we fellow Minnesotans will cherish  
her memory in the years to come.

A. M. FEATHERS, Vice Pres.  
R. PARKHILL, Secretary.

Junior Red Cross is doing much to  
spread among children the principles  
of sanitation. An appropriation of \$1-  
000,000 has been made for developing  
the peace time program of the Red  
Cross by service to its chapters in all  
regions.

The appropriation of \$48,200,000 is  
exclusive of the local expenditures of  
the 3,000 or more chapters.

Administration expenses this year  
will be \$1,800,000. Last year they

## That New Burglar Alarm

On sundry days and at divers hours the tran-  
quility of citizens in the neighborhood of "Campbell  
and Central" has of late been disturbed. There has  
been a hasty embarking from indoors to outdoors; a  
tickling of ears and a craning of necks; and an up-  
ward turning of faces, at once puzzled and agitated.

That new burglar alarm was the cause. It rang  
a few times for demonstration, and once or twice  
because some bank employee had done what a bur-  
glar would be sure to do—had unintentionally touched  
something.

The proof of a burglar alarm is in the sounding.  
This new machine has proved itself what an alarm  
should be, both sensitive and startling. It is for the  
protection of our patrons, a vocal reinforcement to  
the silent security of vaults of steel, a part of our  
super-service organized for you.

The old alarm was good, but this new one is  
still better—in keeping with our ideals of continual  
progressiveness.

## SHERWIN-WILLIAMS PAINT

The only way to buy paint economic-  
ally, is to FORGET GALLON PRICE and  
figure cost by area cover and years of service.

S.-W. P. covers one-third more area  
than paints that are cheaper per gallon. It  
lasts twice as long without re-painting, so  
requires half the material and labor costs.

On that basis, S.-W. P. is the cheap-  
est-per-gallon outside paint you could buy.

S.-W. P. is the best prepared house  
paint. That is why we sell it.

## Interesting Notes of Groceries and Dry Goods

**Oysters**—Extra large, tender, and fin flavored. There are special occasions, holiday dinners, or dinners or luncheons given to friends, when every consideration gives way to the one of quality. For such times are Cluff Extra Select Oysters. They are almost equal to fresh oysters in size and flavor. They will not disappoint. Eight-oz. cans, priced at 35c.

### Luncheon Haddie—

This fish is white-meated, firm and sweet, somewhat resembling crab meat. It may be creamed, or served in chowder. It is especially recommended for salad. Seven-oz. cans, selling for 25c.

## Build a Bank Balance

A checking account with the Growers National Bank turns all your cash receipts—checks, drafts, money orders and money itself—into your bank balance.

Your bank balance is the amount of money to your credit at the Bank, to be drawn on as needed or transferred to others by your personal check.

When you write a check on the Growers National Bank, you make the exact change, transfer the amount to the right person, and have for future reference a complete, reliable record of the transaction. Your check is a voucher which your creditor must receipt before he can collect the money.

Build a bank balance with cash receipts; enjoy the privileges of paying with checks.

## LEAGUERS ENTERTAIN

The Epworth League is giving a reception Friday evening for the high school students at the parlors of the M. E. church. Extensive preparations have been made for a short program, games of a contest character, and, as usual, a good time is expected.

The church basketball team will play the first league game with First M. E. church of San Jose. Plans are being made to take a crowd and it is hoped that anyone interested will go and take a load of rooters.

Sunday evening the League services begin at 5:45 with the prayer circle at 6:00 with the regular services. The topic is "Winning Our Friends for Christ." Our meetings are becoming more and more popular as the young people begin to realize there is something worth while to the Christian life. A welcome to all.

Mr. and Mrs. Henry Eaton and daughter of Sausalito were here Sunday, visiting his mother, Mrs. Eaton, and aunt Miss Lawrence.

John Beardsley was here for a few hours Monday visiting his mother, Mrs. May Beardsley. He was on his way home to Hanford.

Mrs. E. Hancock and Fraser and Mr. and Mrs. Charles Hancock motored to San Francisco Tuesday on a combined business and pleasure trip.

John Pardee, Jr., is nursing a badly sprained left ankle and still confined to his house after nearly two weeks abed. He was hurt while playing at the school grounds.

William Rubell visited his brother, C. F. Rubell, and wife Sunday. They had not met for eight years and the visit was much enjoyed. Mr. Rubell is on the road and is kept moving.

Walter Reichert was down from Lower Lake for the week-end with the Bohnett families. On his return home he took his mother to that wild and rocky country for some real Swiss scenery.

Mr. and Mrs. W. C. Bohnett and Floyd went to Fresno yesterday to take in the horticultural fair. Floyd will remain during the fair but the others will motor to Los Angeles for a pleasure trip.

Mr. and Mrs. Andrew Larson and children arrived here Monday after a six months' stay at Liberty, Saskatchewan. Mr. Larson went to Ascalon yesterday on business and Mrs. Larson is staying with her parents. Mr. and Mrs. Coupland, who are more than enjoying the visit.

The San Jose Commandery of Knights Templar fared very well in the competitive drill of the Bay Cities Drill Corps at Oakland Saturday evening.

First place was won by California No. 1, second by Golden Gate No. 16, and third by San Jose No. 10. San Jose scored more in third place than the winner of last year's contest.

The officers are: Clarence McWilliams, commandant; A. B. Langford, senior warden; H. W. Morton, junior warden.

Campbell was represented in the drill by Herold Morton and Walter Stray. The state contest will be held at Long Beach in April.

The Sunnyside Social Club met Monday evening, November 8, at Marshall hall in Sunnyside, with the president in the chair. Mrs. Lumb was elected vice president.

After a short business session the evening was devoted to old fashioned games which were enjoyed by old and young alike. At a late hour delicious refreshments were served, after which the crowd took a reluctant departure.

The next meeting, on November 22, is to be followed by a musical and literary program.

## BAND OFFICERS ELECTED

The Campbell Boys' Band was organized Wednesday evening with a large membership of active and associate members. The band is now a permanent organization whose purpose is to boost Campbell socially as well as to cooperate with other Campbell organizations for the betterment of the community.

Any boy between 12 and 18 years old with some musical tendency can become an active member by applying to the band leader, W. C. Bohnett. Any person, society or organization can become an associate member by paying the minimum of \$1 a year (no maximum limit). The boys hope to enroll everybody in the community as associate members. The money will go to help maintain the band and to improvements of Campbell. A bandstand is very much needed where the band could assemble for occasional concerts. Many towns spend thousands of dollars annually for their bands and we should encourage our local boys to make the most of this opportunity.

The officers of the new organization are: R. A. Holmes, president. Antone Ferro, secretary; S. N. Hedegard, manager; W. C. Bohnett, leader.

The biggest social event of the season will be the Thanksgiving social by the band boys Friday evening, November 26th, at I. O. O. F. hall. This will be an old time social with amusement for old and young. There will be games, music, dancing, sport for the children and refreshments. Something for everyone in the family—a regular Campbell family reunion for the benefit of the Campbell Boys' Band.

## CONVENTION A SUCCESS

Sunday evening services at the Congregational church closed one of the most helpful and inspiring district Christian Endeavor convention held for years.

The Campbell society was host to about 125 delegates from other societies of the district, which comprises Santa Clara, San Benito and San Mateo counties. Many of the hospitable homes of the Campbell congregation were thrown open to accommodate the visitors who thoroughly appreciated the hearty welcome and homey reception accorded them.

Beginning Friday evening, the delegates were busy continually until the closing "Mizpah."

The newly selected district officers were installed by State President Paul C. Brown. The president is Miss Mary McArthur, of San Jose, and Campbell is represented in the list by Miss Dorothy Merriman, Supt. of the Junior Department, and Miss Evelyn Henry, Efficiency superintendent.

Rev. W. E. Eckles has been compelled by feeble health to discontinue his church work at Sunnyside. He recently purchased a tract of land on the mountain highway near Santa Cruz and with Mrs. Eckles went there this week. They will do their light work and put the house in trim that Mr. Eckles may have as much outdoor work as possible.

They are well located on the road between Campbell and Santa Cruz, where they will welcome all their friends who pass that way.

Mr. and Mrs. G. L. Husted and son Norman will motor to Los Angeles next week for a two weeks' joy ride and sight-seeing.

Mrs. M. Roberts and daughter, Miss Joanna, arrived from Norfolk, Neb., to spend a week with her brother, P. Arnett, and family. Mr. Arnett had not seen his sister for twenty-two years and is enjoying the visit to the full. He is showing them the points of interest about the valley during their stay. They will winter in the south.

Mrs. Mary Palmer purchased the home and adjoining cottages of the late Mary Lewis property which was sold by Mrs. M. L. Waite. Mrs. Palmer moved into her new home yesterday. Mrs. Minnie Lewis has rented of Mrs. Palmer her house just vacated on South Second street and with Mr. and Mrs. J. H. Isham will move there as soon as possible.

### THE YELLOW JACKETS.

"Some one said," one of the yellow  
jackets remarked, "that as we had  
such a nice name we should be sweet  
and sunny in our natures and never  
sting people."

"Some one was very foolish," said  
another yellow jacket. "That is all I  
have to say."

Now the yellow jackets are a kind  
of wasp, in fact very much like the  
wasp family; only those who have  
been stung by yellow jackets feel  
that their sting is much worse than  
that of the wasps.

"We have a lovely name," said an-  
other yellow jacket, "and it is my  
opinion that we should not disgrace  
it by being sweet and pleasant, buzz,  
buzz, that is not my idea at all. Yel-  
low jacket is indeed a beautiful  
name. It sounds so gay and so attrac-  
tive."

"It sounds as though we were so  
golden and lovely. Ah, but we can  
sting! That is the main thing. If

Out Came the Yellow Jackets.

people disturb us we can get even  
with them."

Just then they heard some sounds.  
"It's this way, this way," said a  
voice.

"It's not, it's that way, that way,"  
said another voice.

"It's over the brook, over that big  
log," said another.

"Now be ready," said one of the  
yellow jackets.

"Be ready," said another.

"We're all ready," they buzzed  
softly.

"Be very quiet," another said. "We  
want to surprise them. We want to  
give them real surprises. Surprises  
are so nice."

And then over the log came two  
children. They put their hands on  
the log to jump over it and then out  
came the yellow jackets. How they  
stung the two children. The other  
children had gone in different direc-  
tions.

The children were having a paper  
chase. Two had led the chase and  
had tried to put in as many false  
trails as possible to make it very  
difficult. And of course the right  
trail of the scraps of paper had to be  
found again before the children would  
be on the right trail.

Every one was going in pairs and  
the pair that came in first would win  
the prize.

Well, two of them had felt that the  
right trail led over the log. It wasn't  
the right one after all! And the chil-  
dren had to go back and hurry so as  
to find the right trail as they wanted  
to be the first in!

But oh, how the yellow jackets, the  
mean, mean yellow jackets stung.

"Buzz, buzz, buzz," they said, "let  
us sting them, their faces, their  
hands, their hands which ran right  
into our long nest."

And another said:

"They didn't see our nest and they  
didn't see us for they didn't want to  
disturb us—that was true enough—  
but they did disturb us and we'll give  
it to them."

Now the children didn't dare take  
the time to put mud on all the stings  
they had received. And at that the  
yellow jackets rejoiced, for, as they  
said:

"We hate that old Doctor Mud. He  
is entirely too fond of helping to get  
rid of the stings we give. He is a  
helper to the children but a hindrance  
to us. It is fine that they didn't take  
the time to stop for Doctor Mud, but  
went right on."

The two children who had gone  
right into the yellow jackets' nest by  
mistake won the paper chase and  
won it by a very wonderful race in  
the end. They found the right trail  
after a little and a number of others  
were on it, too, and so at the finish  
there had to be a regular running race  
to see who would get in first.

But afterwards the stings of the  
yellow jackets made their faces and  
their hands swollen and they both said  
that of all the creatures they knew  
the meanest were the yellow jackets.

And the yellow jackets were buzzing  
and saying:

There is a wide difference between  
the evening bid on rice this year and  
the evening of last year. Approx-  
imately 20,000 sacks of rice were of-  
fered at auction at the offices of the  
Pacific Rice Growers' Association on  
October 19 in Sacramento, and the  
bid made was \$3.75. Opening bids  
last year were from \$3.95 to \$3.36, and  
the bid was \$2.40 a hundred as  
the proper price.

To serve long, hard miles of real usefulness, Fisk  
Tires are bigger and stronger and sturdy — just to  
serve you more faithfully than you've been served.  
Handsome, too, with tough, black non-skid treads  
and light side-walls.

They are built to an ideal!

"To be the Best Concern in the World to Work for and  
the Squarest Concern in Existence to do Business with."

## CLUB TO ENTERTAIN COUNTY ALLIANCE

The program committee of the  
Country Woman's club for Monday was  
greeted with an unusually large attend-  
ance.

Matters of business occupied some  
time. Notice was given that the Coun-  
ty Alliance will not be dissolved until  
after the November meeting anyway, so  
the members of the club will hold  
themselves in readiness for duty in  
connection with the event on Saturday,  
Nov. 27, when the clubs of the county  
enrolled in the Alliance will be guests  
of the Country Woman's club. The  
reception will probably be held in the  
parlors of the Methodist church.

The program was one of much inter-  
est and was very ably handled by Mrs.  
I. W. Snow and Mrs. C. H. Whitman.

Mrs. Snow had the "History of  
American Theater," which she made  
such a live and humorous talk that one  
forgot it was "history." "Great Ac-  
tors of Other Days" were presented  
by Mrs. Whitman, the first group being  
stars whom she knew through report  
only, but the latter group were ones  
whom she had had the privilege of  
seeing behind the footlights. Among  
these were Charlotte Cushman, Helen  
Modjeska, Ada Cahan and Julia Mar-  
lowe, all of whom she made as real as  
though on a movie screen.

Mrs. Snow concluded the program  
with a description of what is design-  
ated as the "Little Theater" move-  
ment, the establishment of a little  
playhouse where the local inhabitants  
put on the plays, without too much in  
the way of stage settings and access-  
ories—the idea being to create interest  
and familiarity with the plays and  
give people the advantages of dramatic  
culture.

### W. C. T. U. NOTES

At a meeting of the W. C. T. U. Nov.  
10th it was voted to take up the work  
of the membership campaign inaugu-  
rated in September throughout Califor-  
nia.

By vote the press superintendent was  
directed to write notes of appreciation  
to the editors of the Campbell Press  
and the San Jose Mercury-Herald for  
their sound and illuminating editorials  
recently written in behalf of prohibi-  
tion.

The W. C. T. U. will meet with Mrs.  
C. H. Whitman on Wednesday after-  
noon at 2:30 o'clock. Mrs. Hollings-  
worth, county president, has signified  
her intention of being present and it is  
hoped many may gather to greet her.  
Please come promptly and bring a  
friend.

### CARD OF THANKS

We wish to express our deep ap-  
preciation and extend our thanks to the  
many friends who so kindly assisted  
during our late bereavement.

MRS. CHARLES THACKERAY  
and Family.
